Mrs. De Quesada and I had previously worked together for a few years on other events as vendors. That working relationship gave me a chance to see how she interacted with her clients from beginning to end! So when it was my time to prepare an out of this world event, I knew that I wanted her to help plan my event!! She is great at what she does and she treats you like a family member! She is known for her professionalism by other vendors and is a joy to work with! She has a great staff...

She has a way of providing those "special touches" to each and every event she plans. There absolutely no other person I rather have had done this event with me. Thank you Mrs. De Quesada, for all your hard work.

Jessica was fantastic!!! She was always making the process easy going for the bride and groom & very very professional. She was 5 hours earlier than time on the day of the event ready to go to make sure all items looked exactly as expected. Additionally, the best part is that during crunch time when you think you have run of time to add on anything, she makes it happen!!!! Definitely the best in Miami to run any event-I HIGHLY recommend the events planner of Miami!!!

Jess truly does an amazing job with event planning. She is a hard worker and understands your vision even when you don't. Sounds crazy, but we must have mentioned a gazillion different things that we liked and she always knew the right answer. She is extremely forthcoming and will never give you unreasonable expectations. She works with the most amazing bakery that has the most delicious rum cake we have ever had in our lives. Our day was beautiful and everyone had an amazing time. The food catered by Chef Luis was a hit, especially the fufu de platano. We highly recommend The Event Planners Miami for any event.

Jessica, with The Event Planners, was the best decision I ever made. She turned a very stressful and overwhelming process into a fun and easy going situation! She was so helpful from beginning to end!

Anything I needed she was there doing her best to make sure I didnt stress. She saw my vision as a bride from day 1 and she truly made all my dreams come true! The day of my wedding she showed up and took control of everything! I just sat back and enjoyed my day. I can never thank her enough for all she did in making my dream wedding come true! I dont know how brides can ever get through the planning process without her! I HIGHLY recommend Jessica and I hope to use her again for all my events in the future!

Todo fue excelente.... Mi wedding planner jessica de quesada, estuvo al tanto de cada detalle, Haciendome sentir relajada y confiada..Siempre estaba dispuesta a responder mi llamada y contestarme cualquier duda.. su asesoria fue tan personalizada, Que sientes que estas con tu mejor amiga... Un 5 Es poco para calificar el servicio.. yo le doy un 10.

Event planners of Miami made our dream wedding come to life. This day was absolutely beautiful and very special since we were the 3rd generation to get married on the 17th of Feb. Months before the wedding we would get together to talk about different ideas and colors for the wedding. They also were really good about keeping you in budget. The day of the wedding we didn't have to worry about one single detail because we knew and trusted in Jessica. When we walked into our venue everything was exactly what we wanted and more. Thank you for making our wedding the most special day of our lives. We would totally recommend them for any event you can think of!!! Jennifer and Carlos Lanuza :)
